

THE RITZ-CARLTON®
WESTCHESTER

June 12, 2012

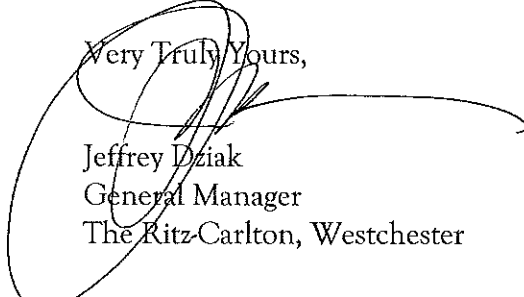

Dear Mayor Roach,

I submit this letter in support of the French American School of New York's proposal to build a school on the Ridgeway campus in White Plains. At The Ritz-Carlton, Westchester, we embrace diversity and education and we believe that FASNY will bring both to the City of White Plains.

Further, we support FASNY's Greens to Green environmental conservancy project. One of our pillars of our Community Footprints program is environmental conservation, and we look forward to the opportunity to work together with FASNY in the future on this worthy and meaningful project for the City.

In sum, we welcome FASNY to the community and look forward to its success here.

Very Truly Yours,

Jeffrey Dziak
General Manager
The Ritz-Carlton, Westchester
